Here's what Journey participants have to say about their experience.

Mary Madison-Johnson—Before I took Journey I didn't realize how much I was missing in my relationship with Jesus and I pretty much was just going to church on Sundays and not much else. Sometimes the homework was challenging and the topics covered caused me to look at my life and see where I could make some changes. I also was able to see where Christ has been with me all the way throughout my life. I am now much more involved in attending Bible studies and volunteering for various activities. ... Journey was a very rewarding experience for me and I would recommend it if you're looking for a closer relationship with Christ.

Tony Lindberg —I wasn't sure what to expect when I signed up for Journey other than knowing it would be a lot of work. Yes, there was a lot of work but everything assigned was like another addition to the foundation God has begun building in me. As a group what a privilege it is to share the experience and to be a part of each others lives.

I would recommend Journey to anyone.

Nancy Melhaff —Journey has been an incredible experience for me. It has taken me places in an unexpected way and helped me to realize that God knows my heart and my life. I always felt I needed to be doing this. The relationships developed during the class are some of the most special-probably in my lifetime-and I would not trade them for anything. Journey was well worth the effort it took to push me to that next level of my faith and I would recommend it to anyone needing that nudge.

Pam Uffelman —Journey was a wonderful experience for me. I discovered things about myself and God's plans for me that had never occurred to me. The bonding in a group like Journey that spans 9 months and has the entire group on retreats together cannot be matched in a weekly Bible study. Journey just took me deeper. I would highly recommend it to those looking to discover more about them-

selves and their place in God's plan. It's not one of those studies where you can skate by without time spent outside of group though. You will get out what you put in and it is worth every minute of your time.

Kevin Brown—If you have a desire to grow emotionally, relationally, and spiritually Journey is the class for you. My experience with Journey helped me see in more depth who I am in Christ and how God has specifically wired me and life circumstances for His ministry. I challenge you to commit yourself to the first year of journey; you will not be disappointed!

Tami Wood—The Journey has brought incredible growth in my faith, relationship and love for Christ!! I had been a Christian for many years and thought I did not NEED to take Journey. I was SOOOO wrong!! I am disappointed I waited so long. If you want to get to know who you are, who God is and where you are going.....Journey is for YOU! It's an experience you don't get from casual bible study....it's a Journey you take to reveal and get to know the real you and find out....GOD LOVES YOU JUST THAT WAY!!!!

Chris & Rudy Norton—The Journey will help you grow in your knowledge of the word and spiritually to have a closer relationship with the Lord. You will find out alot about yourself and you will bond and gain new friendships. We would encourage you to take the "Journey" of growing in Christ as it will be well worth the time.

Larry Underhill (Horizon Elder) — We're all on a journey through this life. It was valuable to me to take the time with like-minded people to examine my life and get to know a few other people a whole lot better. I'd recommend the Journey to anyone

who wants to pursue a more "intentional" walk with the Lord.

Angie Martin—Was journey worth it? Yes, it was. There is no price tag that I can put on my relationship with Jesus, every penny spent, every moment spent studying was well worth it. Journey has given me a much more solid footing in my relationship with Jesus, and when I slip, I make use of the tools that I learned about in Journey to get back on track. It's work, it's demanding, but the result is priceless.

Kathy Cheek—The Journey gave me an opportunity to take the next steps in growing as a Christian. I had always wanted to know how to study the Bible better and understand what I was reading and the Journey helped me with this. I developed lasting friendships, learned more about myself and became an active member in my church.

Art Thomas—The Journey has truly been a journey. It is where I have learned about myself and how I think and why I do things the way I do them, to see God in all I do and to seek God in all I do, and how to develop my relationship with God through the spiritual disciplines. It has changed my perspective on what it means to be Christian and what leadership looks like from God's point of view.

Kathy Walker—The insight and growth that you will experience during Journey is well worth making the commitment. I wanted to be able to share the good news with others and before Journey had trouble doing so. I now feel confident in my faith to share with others, whatever the setting. Studying the bible and writing my story has helped me to a depth of knowledge and relationship with Jesus and my companions that I did not know was possible.
