DENNIS & DEBBIE HOLLENBECK

Las Tres Palmas, a ministry of Real Life Ministries, focuses on helping build homes for the homeless in Mexico. Not 20 minutes from San Diego beaches, thousands of Tijuana residents lack basic shelter and four walls to call home. Under the direction of Dennis Hollenbeck, RLM seeks to alleviate this problem, one home at a time. Since 1996, RLM has built sturdy homes for more than 400 families. The homes are built by teams sent from partner churches in the United States and Canada. During the week, the teams hold daily Bible Clubs for children. We build for eternity – join us!

KENT CARLSON - REGIONAL MINISTER NORCAL. Kent resides in Folsom area, CA. As NorCal Regional Minister Ken works with association leaders to plant churches, develop leaders and resource existing congregations. The Northern California Association of NAB Churches (NorCal) exists to resource the mission of the local church. We seek to encourage, resource and network churches to accomplish the mission of making disciples. This is reflected in our rich history of planting churches, resourcing existing congregations and developing leaders in order to reach more people with the Gospel of Jesus Christ. We believe that together we can accomplish more than we can alone. The thirty-five churches associated with NorCal are committed to working together to accomplish the mission of making disciples.

The vision started when Rolando Mendoza who was born and raised in Nicaragua, fled a war that was devastating his country and family. He made it to America but knew that he had to do something for his people. A group of business men were gathered, property was purchased, buildings were erected and a sports field was constructed in Nicaragua. New Horizon's Ministries was born. A ministry to reach the people of Masatepe through sports, medical services and building projects is lead by Pastor David. We have also planted a new church work in Massiah with Pastor Luther

NICK & REBECCA SCHULLERS. For 35 years, Medical Ambassadors International has been working to heal communities and transform lives. Jesus' ministry on earth revealed that he cares for the whole person. He was moved by people's spiritual and physical pain. At Medical Ambassadors International, we strive to follow the example Jesus set for holistic healing. We use a development process called Community Health Evangelism (CHE) that addresses the needs of the whole person - physical, spiritual, emotional, and social. By using CHE, Medical Ambassadors is equipping individuals to be independent workers and evangelists in their own communities.

ERIC AND AUDREY OLSEN - TEACH BEYOND TRANSFORMATIONAL EDUCATION SERVICES. We believe that education is an effective catalyst bringing hope to individuals and positive transformation to societies. We follow our Lord Jesus Christ by engaging with the needs of this world – physical, relational, and spiritual. Our teachers use their skills and contexts to bring Christ's light and healing to all – children, adults, leaders, and mission workers alike.
